

9<sup>th</sup> May 2017

Dear Parents/Carers

As part of the Year 6 Personal and Social Education curriculum we have arranged for the children to have a sex and relationship education lesson. The lesson will be delivered by one of the nurses attached to the school.

The lesson will include informing the children of the changes they will experience to their bodies, their feelings and their emotions during puberty.

Apologies for the short notice of this letter but we have only just had it confirmed that a nurse will be available to speak to the children on Friday morning, when they will also see the video.

We would like to offer you the opportunity to attend a meeting about this and will have the chance to find out exactly what the children are going to be taught. You will also be able to see the video the children will watch as part of the sex education lesson.

The parents' sex education meeting is at 2.30 pm on Thursday 11<sup>th</sup> May 2017. Please enter school via the main entrance on Northbrook Road.

Please return the form below, indicating whether or not you will be attending the parents' meeting.

Thank you.

*Mrs Speight*  
Assistant Headteacher
